

Hundreds Flock to See Mrs. Coolidge's New Easter Garb

Washington, April 21.—Hundreds of churchgoers and Easter promoters flocked to the church that President Coolidge attends to catch a glimpse of any new finery either he or Mrs. Coolidge might be wearing because of the day.

The President stuck to his customary striped trousers and high hat, but Mrs. Coolidge sported a new Easter hat and frock.

The President, Mr. and Mrs. Frank W. Stearns and a few other guests went down the Potomac on the yacht Mayflower.

Today the President will supervise the egg rolling, the favorite Easter sport of Washington's youngest set, on the south lawn of the White House.

Filet Lace

Scarfs, Oblongs, Ovals, Doilies, Covers

Better than a Bargain

These are pure linen, white, with a lace border of imitation file, in the favorite basket design so popular today. An unusual and charming note is the "Shadow" design in the lace that emphasizes the beauty of the filet such as one expects to find only in the most expensive filet laces.

While especially desirable for summer use, they launder and wear well, and find a place in dining and bed rooms the year around. They are adapted for luncheon and vanity sets, runners, center pieces and table covers. As an inexpensive gift for the June bride, a set of these scarfs has a usefulness beyond its cost.

Never have we had this pattern before in this quality, and never have we been able to offer such articles at anything like these prices.

Biggest Reduction in Coming Budget Falls on Army Estimates

Public, April 21 (A.P.)—Economists totaling \$68,375,130 are provided in the detailed budget estimates to be submitted in the Daily Evening when it resumes next Friday.

Of this, \$36,401,580 is cut from the army estimate, partly due to the demobilization, partly by drastic reductions in the payroll and partly by pruning the allowances to the wives and dependents of soldiers. Education will receive \$11,000,000 less, and the old age pensions are reduced by \$1,200,000.

For property losses caused by damage during the fighting it is proposed to spend more than \$15,000,000 less than last year. Of this, \$12,500,000 is due to reduction in the losses suffered before the truce.

After the last loan for \$50,000,000 was successfully floated, it was announced that a further loan would be called for this spring, but it is now believed the reduction in expenditure will enable postponement of this measure until next spring.

It is declared likely that this loan will be the last to be floated, and every effort will be made to complete the subscription within the country.

New York—Members of Typographical Union No. 6 appointed a committee to plan means for the collection of a "defense fund" for two and a half years, after which the tentative agreement with the New York newspaper publishers will expire.

Army and Navy Club's Rummage Sale Is To Be Unique, Says Betty Alden

By BETTY ALDEN.

EVERY collector might be interested in some of the donations for the rummage sale being held on Wednesday in Trinity Church parish hall for the benefit of the Army and Navy Club.

One well-known marion has given a gorgeous old chandelier, which once graced a stately New York ballroom; someone else has added a beautiful set of Bohemian glassware, while several others have contributed glass globes and other articles of antique value.

There is, in fact, very little of the "rummage" to the sale—except the price. One smart Boylston street shop has donated a number of dresses, and there will be on sale not a few boxes of jewelry of one of the best-known brands.

Rugs, blankets, bedsteads, chairs, bureau, and trunks—all of them new—are only a few of the other things which may be purchased at Wednesday's sale, which will be held from 9:30 until 6.

Mrs. Clifford D. Sawyer of Marlboro street, as chairman of the committee in charge, has among her assistants Mrs. Charles H. Baldwin, Mrs. Boylston A. Reed, Mrs. Alanen L. Daniels, Mrs. Louis H. de Biogues, Mrs. Curtis Guild, Mrs. Henry S. Girard, Mrs. W. H. S. Lohrop, Mrs. Rufus L. Sewall, Mrs. William O. Taylor, Mrs. Alexander Whitelaw, Mrs. Frederick S. Whitwell and Mrs. Edgar N. Wrightington.

Mrs. Y. Mary Edward heads another prominent group building a rummage sale tomorrow from 10 until 4 at the Friendly Building in Brookline Village. All donations will be gratefully received at the Friendly Building today or early tomorrow.

These sales are only two of the many events planned for Patriots' Week, which the Army and Navy Club opened on Saturday with its annual drive.

MRS. JOSEPH LESTER of the Beverly Farms colony and Mrs. J. H. Hare of the Gloucester colony are among the hostesses for the Society Circus which will be held at Fort Banks on Wednesday afternoon and evening.

A host of notable Washington folk are sponsoring the affair, a striking feature of which is the debutante drill troop. The boys and younger marionettes taking part in this number, which will furnish the thrill of the afternoon, are to wear fancy jockey costumes.

DEMOCRAT HAS REAL LEAD IN BIG RACE

Washington, April 20.—No one of the many Democratic candidates seeking the presidential nomination has enough delegates really to be regarded seriously. Figures compiled today show:

Just as the certainty of President Coolidge's nomination brings solace to his managers, the uncertainty on the other side is extremely annoying. No one thirty odd Democrats. Another was in that few of the States are taking kindly to men whose names have been put on the ballots and most of them refuse to instruct their delegates.

Here is the actual number of absolutely instructed delegates to date:

McAdoo—Georgia, 21; North Dakota, 18; South Dakota, 10; Wisconsin, 3; Illinois, 2; Canal Zone, 2; total, 46.

Uninstructed delegates:

Uninstructed States are Arizona, Illinois (with exception of eight); McAdoo Iowa, Maine, Missouri, North Carolina, Hawaii.

Some thirty States still are to select delegates.

With this lineup of delegates it is not difficult to understand why this week will see a far-Gone battle in the States where there is still a chance, and there will also be some jockeying to get into the good graces of the State houses who control the uninstructed ballots.

WITH OPEN MINDS.

However, it is believed that the voters themselves, or the State conventions, will seek to avoid definite commitments, and the vast majority of delegates yet to be named will go to the New York convention with open minds.

Of the list of candidates who have already secured delegates, Underwood alone is expected to show any material gains before the convention. There is already a precedent for this. At Smith will give him the New York delegation when he himself fails to go in the balloting.

If Smith can control them, he may also give Underwood Wisconsin and Rhode Island.

DEMAND MEDAL FOR GIRL WHO SAVED CHILD

Cannot Swim, but Plunges Into Water to Rescue Babe

Babe

Facing the part of a heroine in a thriller, Miss Carrie Goodwin, No. 172 Border street, East Boston, who risked her life when she plunged into the harbor and rescued Walter Laett, two years old, from drowning, says she would not accept a million dollars for another experience of that kind.

Because she is unable to swim, she should not think of one's own danger," said Miss Goodwin.

"Because I plunged into the water within a foot of the channel is not a wonderful act. Anyone would have done it under the circumstances."

"I had hunted Walter for nearly an hour before I reached the pier from which he had fallen. When I looked into the water his little hands were going under for the last time, as I jumped in and saved him."

"He was unconscious nearly an hour, and I thought he was dead. There is nothing braver about a rescue. It is everyone's duty to mankind."

LOUISE LAWSON'S EFFECTS TO BE SOLD

New York, April 21.—Wearing apparel of Louise Lawson, and furnishings of the apartment in which she was found murdered, February 8, were viewed by several hundred persons today in the Broadway Art Galleries, where they will be sold at a three-day auction beginning Thursday. The total value of the property is estimated at \$5,000. The principal article of clothing is a full length moleskin and tulle coat, appraised at \$1,500. A \$2,000 Huggel-white bedroom suite, including the bed on which the body of the music pianist was found, a miniature grand piano and an Alhambra gift drawing room suite make up the bulk of the furniture.

A Champion on the Ice— but
couldn't beat cough without REM

Even athletes get coughs sometimes, particularly in sports like ice-skating, where they are exposed to penetrating winds when all heated up.

One of Detroit's champion ice-skaters, Mr. John L. Barnum, 8318 Navy avenue, got a cough last winter that he couldn't seem to shake off—until he got Rem to help him. Here's the way he tells it:

"Standing around on the ice afterwards talking to some friends was what gave me the cold. I was all overheated from the race."

"It turned into gripe and I was laid up for a week away from work. I had a very bad cough with it that would wake me up at night coughing."

"One night I saw about Rem in the News, so I sent up to Bower & Merchant's Drug Store and got a bottle to try. I'd taken the second dose I began to get relief from my cough."

So many who have tried REM speak of the quick relief it brings.

This quick action is not just a matter of luck, for REM contains a special ingredient (too expensive for old-style, slower-acting cough syrups) that causes it to cling to your throat as it is swallowed. And there it spreads a soothing, healing film over the sore, inflamed membranes.

REM is pleasant to take. And it contains no Opiates. Ask your druggist for REM—in the blue package with the round orange label. If REM doesn't help you, you can have your money back. Fair enough, isn't it?

Your Children
Determine the Quality
of Hood's Ice Cream

CHILDREN are the real champions of this wonderful delicacy. Well or ill, they demand and enjoy Ice Cream. Wonderful food, that it is, this love for Ice Cream must be encouraged. We play our part to the limit. To be fair to the kiddies we put into Hood's Ice Cream the Quality that makes it a safe, wholesome, delightful, refreshing dainty that you may offer to your children with the assurance that it is just as good as you would want it to be.

Black-Eyed Susan

Banana Paramount

Pineapple Patti

And so, it is the children that stimulate us to produce the utmost in Quality and we want you, the parents to know just what Quality means when applied to Hood's Ice Cream.

First—the material—cream, sugar, fruit, flavors. You know that Hood's are the largest handlers of cream in New England. You know that we draw our supply from the best dairying sections. We have the pick and choice of the best produced. And we always have it. Our fruits are the best America offers. Our flavors must pass the scrutiny of experts who know flavors and none but Quality flavors can satisfy them. Sugar, the kind you use on your table. Just pure sugar.

Cleanliness is the next factor. We insist on and observe, in our factories, the same rules of wholesome sanitation that has made the New

England housewife a standard of exactness to produce the world over. To us cleanliness means just that. There is no middle course.

Then there is service. We have a fleet of carriers that keeps your dealer supplied with Hood's Ice Cream at all times. And having delivered his supply helps him to keep it in condition until you have eaten it.

But the most important factors in Hood Quality are the men whose duty it is to vitalize these Hood ideals into a reality. We have put in charge not only men who know Quality, but men who are jealous of comparisons. Men who are keen to be at the top of things.

Their aim is to make Hood's Ice Cream a completely satisfying product. They have everything needed to strain this. You will find that completely satisfying quality has been reached in

A Word to the
Ice Cream Dealer

The development of the Ice Cream business depends more on real quality than any other product you sell. Inferiority at a low price can only serve to decrease consumption and stifle the growth of trade in this wonderful food delicacy. A product of known quality, of uniform goodness backed by simple service and aggressive publicity will bring business to your store and cash to your till. Hood's Ice Cream solves this problem for you. Make your arrangements for Hood Service now.

AZEEZA (left) AND ROSE BOURLALIE

Miss Azeeza Bourlalie of Jamaica Plain is suing Major Mahoff, South End real estate dealer, charging breach of promise. She says that when he saw her younger sister, Rose, he promptly wanted to marry her by way of adjustment, suggested that Azeeza marry his brother and that he would marry her younger sister, Rose. Azeeza refused to do it. Mahoff admitted that he had marriage intentions, secured a license and then later returned it to the registrar even though he had made arrangements to have the ceremony performed.

Armed Guards Put on Ships to Halt Bootleggers

New York, April 21.—Armed guards will be stationed on board vessels of the Royal Mail Steam Packet Line and the Pacific Line while they are in port to prevent operations of bootleggers and bootlegging members of crews.

Two armed private detectives went on board the ship which arrived from the coast of Africa. From two to ten guards will be placed on each vessel of both lines to prevent recurrence of the attempt to smuggle liquor into this port by members of the crew of the Orinda when she was last in this port.

The Orinda was seized by the government and released in New York.

DEATH COMESTO M'FARLAND'S BROTHER

John M. Broker, Follows the Noted Editor to Grave in Less Than Two Months

John Maxwell MacFarland, stock broker and brother of the late Greenville B. MacFarland, Boston American editorial writer and general counsel for the Hearst interests in New England, is dead at the City Hospital from pneumonia. He was forty-five years old.

Since the death of his brother on February 28, the broker had been gravely ill. Ten days ago he contracted a cold which developed rapidly into pneumonia.

He was removed to the City Hospital from his home, No. 33 Egmont road, Brookline, but, despite his robust build, all efforts to check the disease failed. He died Saturday.

The broker was a familiar figure in financial circles of Boston, New York and Chicago. He is survived by his wife and his mother, Mrs. Calista A. MacFarland.

The funeral was held this afternoon from his late home, No. 33 Egmont street, Brighton. The Rev. Ernest M. Meredith, pastor of First Unitarian Church, Watertown, officiated. Burial will be in the funeral home of Greenville B. MacFarland, the brother, Mass. House of Representatives, in Newton Center.

LACK OF WATER IN BOILER CAUSE OF WRECK

Court's Finding in New Haven Explosion at Walpole, Where One Was Killed

Judge James A. Halloran, associate justice at Deane Court, filed his report today of the verdict of the jury on the New Haven wreck on the New Haven at Wallingford, August 18 last, in which eighty-six-year-old Engineer Joseph E. Henry lost his life and several persons were seriously injured.

The report says the train was going between thirty-five and forty miles an hour and the accident was due to the failure of the crown sheet in the engine boiler to function properly through overheating. There were also leaks in the firebox; the report states, which were reported and repaired, prior to the date of the accident, although this would not account for the accident.

The court says the destruction wrought in the firebox as described could not have occurred had there been a sufficient amount of water in the boiler as required by the rules of the company.
